A wide-angle photograph of a long, brightly lit textile factory floor. Rows of industrial sewing machines are arranged on both sides of a central aisle. Workers are visible at the machines. The floor is polished and reflects the overhead fluorescent lights. Spools of thread are hanging from the machines on the left. The perspective leads the eye down the length of the factory.

A large, well-lit warehouse interior with a high ceiling and exposed concrete beams. The floor is green with yellow safety lines. Numerous stacks of cardboard boxes are arranged throughout the space, many sitting on wooden pallets. The boxes are of various sizes and some have labels or markings. Large windows on the right side provide natural light, while several pendant lights hang from the ceiling. The overall impression is of a busy, organized storage and distribution center.
